Gary and Nancy Newhart
Executive Director & Office Manager

Dear Prayer Supporter:

Greetings, in the precious unconditional love of our Lord Jesus; who died, was buried, rose again, and coming soon!

How Nancy and I long to see you face to face. Your prayer support is deeply appreciated and without you standing alongside of us this ministry would not accomplish the intended desire of Together Reaching this World with the Gospel of our Lord Jesus Christ.

IGM now has 276 national and American partners in 26 countries. In almost all cases they **are attempting by God's grace to reach their people with the Gospel and establish local churches** to edify the saints for the same purpose. When you stop to think about what is really going on, you cannot help but rejoice that thousands are hearing the Word of God weekly and many are coming to Christ. (Romans 10:17). It is thoughts like this that keep the staff, Nancy and I at the multitude of tasks that come our way to provide the physical support needed for each one to accomplish their particular ministry.

Recently, a group of IGM men reviewed our Mission Statement and four hours later came up with the following: *Independent Gospel Missions exists to glorify God by enabling partnerships that strategically fulfill the Great Commission with integrity and Christian Love.* This statement clearly gives our over all direction of ministry which enables the IGM family to **better focus and understand the partner relationships.** It is never IGM's intention to control a mans ministry, but rather to encourage, suggest, and provide integrity. Your prayers for the wisdom and tenderness of heart are always needed.

We are planning on caring for our 5 grandchildren, July 5-10, living in Lynchburg, Virginia area, while Faith, our daughter, takes a week long instructional module course, working toward her Master of Education degree from Liberty University.

I would like to share with you a personal concern. Since, early November of 2009 Nancy has been struggling with internal situations that cause nausea feelings, pain, etc. I think they have run every blood test there is plus an endoscopy, and colonoscopy. So far they have found thrush (yeast infection) in the esophagus and seasonal allergies which are both being treated with meds. However, the side effects of the thrush meds is nausea which makes things very confusing. We are hoping that soon she will be back to normal. Please pray for this need! I am doing a whole lot better since losing over 60 lbs. Yet, there is still 45 lbs. to go! I really appreciate those who have been praying. Please continue to pray for good health for the two of us and that we would finish our race well for His Glory!

Sincerely, in His unconditional love,

Gary and Nancy Newhart
